ABOUT SPARCO INVESTMENT

Headquartered in Dubai. Serving families worldwide.

Sparco Investment LLC is a Dubai-headquartered investment migration firm. For more than a decade we have guided investors, business owners and families through citizenship by investment, from the first private conversation to the day the passport is in hand. Our role is simple: identify the right programme for your family, prepare the file properly, and manage every step with discretion.

1,000+

successful clients who obtained citizenship through Sparco

years of experience in investment migration

Authorised Agent

for Caribbean countries

LEADERSHIP

Ahmed Al-Dabbagh

Chief Executive Officer

Fadi Maher Idris

General Manager

LEADERSHIP

The people behind your application.

Sparco Investment is led from Dubai by a team with more than ten years in investment migration. The adviser who meets you prepares your file, follows it through due diligence and hands over your documents.

Ahmed Al-Dabbagh

CHIEF EXECUTIVE OFFICER

Himself a citizen of St Kitts & Nevis, he leads Sparco Investment's advisory work from Dubai.

Fadi Maher Idris

GENERAL MANAGER

With more than ten years' experience in investment migration, he oversees client service and the firm's day-to-day operations.

OUR APPROACH

Advice first. Applications second.

Objectives before programmes

We start with your family, your nationality and your timing, then tell you which programmes fit and which do not.

Total cost, not headline price

You see a complete, itemised cost outline at consultation, before you decide on anything.

Verified against the source

Every figure we quote is checked against the programme authority before it reaches you.

Due diligence before submission

Source of funds, background and documents are reviewed before anything is submitted, so the file is complete the first time.

WHY A SECOND CITIZENSHIP

More than a passport. A wider set of options.

01 Freedom of movement

Travel more freely for business and family, with fewer visa applications and less uncertainty.

02 A plan B for your family

A second home country, held quietly and ready if circumstances ever change.

03 A legacy for the next generation

Citizenship is held for life and, subject to each programme's rules, can include your spouse, children and dependants.

04 Business without borders

Meet partners, open doors and structure international business with a wider set of options.

05 Planning and flexibility

More room to decide where your family lives, studies and holds its assets, with proper professional advice.

06 Security in an uncertain world

Stability and optionality that do not depend on a single country or a single set of rules.

THE PROGRAMMES

Six routes to citizenship. One adviser.

As an Authorised Agent for Caribbean countries, Sparco advises on Caribbean citizenship by investment and on Türkiye. We identify the programmes that may fit your family, then manage the application from start to finish.

THE CARIBBEAN

St. Kitts & Nevis

The world's longest-established citizenship-by-investment programme.

Saint Lucia

A flexible programme with a choice of investment routes.

Grenada

Citizens may be eligible to apply for the US E-2 investor visa, subject to applicable US requirements.

Dominica

A long-standing programme from the nature island of the Caribbean.

Antigua & Barbuda

An established programme in the heart of the Eastern Caribbean.

BEYOND THE CARIBBEAN

Türkiye

Citizenship through real estate or capital investment, where Europe meets Asia.

The investment qualifies the application; citizenship is granted solely at the discretion of each government following due diligence. Programme requirements and costs change, and are confirmed privately for each family after a case review.

Key facts, programme by programme.

The essentials of each Caribbean programme: how you qualify, who can be included and what is expected of you.

St. Kitts & Nevis

INVESTMENT ROUTES	Sustainable Island State Contribution, approved real estate, or the Public Benefit Option.
FAMILY	Spouse, children and, subject to the current rules, dependent parents.
RESIDENCE	No residency or language requirement before or after citizenship.
GOOD TO KNOW	A mandatory interview for the main applicant, and biometric enrolment for new applicants.

Saint Lucia

INVESTMENT ROUTES	National Economic Fund, National Action Bond, approved real estate, or an approved enterprise project.
FAMILY	Spouse, children and dependent parents.
RESIDENCE	No residency, visit or language requirement.
GOOD TO KNOW	The bond route returns capital after its holding period, less an administration fee; the fund route is a non-refundable contribution.

Grenada

INVESTMENT ROUTES	National Transformation Fund, or approved real estate.
FAMILY	Spouse, children, parents and grandparents, and in some cases unmarried siblings.
RESIDENCE	No residency or visit requirement.
GOOD TO KNOW	Citizens may be eligible to apply for the US E-2 investor visa, a separate US process subject to applicable US requirements.

Three more routes to consider.

Two further Caribbean programmes, and Türkiye for families who want a larger economy and a base between Europe and Asia.

Dominica

INVESTMENT ROUTES	Economic Diversification Fund, or approved real estate.
FAMILY	Spouse, children and dependent parents or grandparents.
RESIDENCE	No visit, residency or language requirement.
GOOD TO KNOW	Applicants aged 16 or over attend a short interview, usually online.

Antigua & Barbuda

INVESTMENT ROUTES	National Development Fund, University of the West Indies Fund, approved real estate, or business investment.
FAMILY	Spouse, dependent children, parents and grandparents, and unmarried siblings, within the programme's rules.
RESIDENCE	At least five days in Antigua & Barbuda within the first five years of citizenship.
GOOD TO KNOW	The first passport is issued for five years, and its renewal depends on meeting the five-day requirement.

Türkiye

INVESTMENT ROUTES	Real estate, bank deposit, government bonds, fixed capital investment, or investment fund units.
FAMILY	Spouse and children under 18 at the time of application.
RESIDENCE	No requirement to live in Türkiye before, during or after the application.
GOOD TO KNOW	Türkiye is not a member of the European Union, and Turkish citizenship does not confer EU rights.

Key facts only. Programme rules and costs change; we confirm the current position with you before any application.

Direct engagement with programme leadership.

Sparco Investment's leadership meets government leaders and citizenship-unit officials across the Eastern Caribbean, so that the advice we give stays current on policy and process.

Dr. Terrance Drew
Prime Minister of St Kitts & Nevis

Dr. Ernest Hilaire
Deputy Prime Minister of Saint Lucia

The Hon. Dickon Mitchell
Prime Minister of Grenada

WHY SPARCO

Experience you can verify. Advice you can trust.

Authorised Agent

We submit Caribbean applications as an Authorised Agent, working within each programme's official process.

A decade of case experience

More than 10 years in investment migration and 1,000+ clients who have obtained citizenship through Sparco.

One adviser, start to finish

A single point of contact from the first eligibility review to the delivery of your passport.

Discretion and honest advice

Files prepared carefully and handled in confidence, with a clear view of what is realistic before you commit.

Headquartered in Dubai. Serving investors and families across the Middle East, Africa, Asia and the Americas.

Six clear steps, managed for you from start to finish.

- 01 Private consultation

We review your family, objectives and background in complete confidence.

02 Programme selection

We identify the programmes that may fit your family and share a clear, detailed cost outline for your review.

03 Document preparation

Our team compiles, checks and completes the full application file with you.

04 Submission and due diligence

The application is submitted through the official channel and the government carries out its background checks.

05 Approval and investment

Once the government issues its approval, the qualifying investment is completed.

06 Citizenship and passport

Citizenship certificates and passports are issued and delivered to you and your family.

Steps and timelines vary by programme and by case. Approval is at the sole discretion of each government.

Straight answers before you begin.

What is citizenship by investment?

A legal route by which a country grants citizenship to an applicant who makes a qualifying contribution or investment, passes due diligence and meets the programme's requirements. The decision always rests with the government.

How long does it take?

Timelines differ by programme and by case. Some authorities publish an indicative timeframe and others do not. We give you a realistic estimate based on your documents, nationality and current caseloads.

Can my family be included?

Yes, within each programme's dependant rules: typically a spouse, financially dependent children up to a set age, and dependent parents. Each additional dependant changes the contribution and fees.

Do I need to live there?

There is no requirement to live in St Kitts & Nevis, Dominica, Grenada, Saint Lucia or Türkiye. Antigua & Barbuda asks for at least five days in the country within the first five years of citizenship.

Where can I travel visa-free?

Visa arrangements change over time. Rather than quote a fixed number, we review current access for the destinations that matter to you before you decide.

What does it cost?

Costs depend on the programme, the route and the size of your family. We prepare a complete, itemised cost outline for your review at consultation.

A question that is not answered here?

Ask us in a private consultation: +971 58 660 6787 | sparcoinvest.com

BEGIN THE CONVERSATION

Your second citizenship starts with a private consultation.

Tell us about your family and your objectives. We will identify the programmes that may fit and outline the process, timeline and costs in confidence.
